## Professional Experience

### **Software Developer 1** — GPM Corp.

July 2017 – August 2020 | Asheville, NC

- Experience working with C#, ASP.NET, SQL Server, dotnet Core
- Utilized agile development processes in the design, development, and delivery of software solutions
- Designed and implemented web APIs for internal and external consumption
- Collaborated with business analysts, quality assurance, and business partners to:
  - Refine requirements
  - Discover alternative solutions
  - Triage/research user-reported defects

### **Software Developer** — Lowe's Companies, Inc.

June 2014 – July 2017 | Charlotte, NC

- Assisted in designing and developing solutions utilizing agile development processes
- Responsible for developing applications primarily for AutoCAD in C#
- Designed and implemented an AutoCAD plugin updater utility, which enabled the 100+ AutoCAD users to receive notifications for new releases and allowed them to apply updates automatically, without involvement from IT
- Implemented and enabled continuous integration/continuous delivery pipelines for 15 of my team's Java and C# applications
  - Created and maintained all Jenkins build jobs for my team, using Groovy/DSL scripts
  - Configured build scripts and build frameworks (Maven, PowerShell, Unix Shell)
  - Configured package managers (NuGet, Maven)
- Led my team in our migration to git as primary VCS
  - Configured repositories (Atlassian BitBucket)
  - Implemented branching and merging strategy
  - Created training sessions and materials for developers
- Team SME on automation — Jenkins, Maven, application deployments
- Maintained and developed new features for internal web applications (Java/WebSphere, C#)
  - SQL tuning
  - HTML, CSS, and JavaScript corrections
  - Other code quality improvements

### **Assistant Technology Support Analyst** — Appalachian State University Library

January 2012 – May 2014 | Boone, NC

- Assisted system administrator with the upkeep, maintenance, and upgrading of ~10 Linux servers
- Responsible for imaging Windows and Mac desktop and laptop computers
- Deployed new and replacement desktop and laptop computers for public use
- Assisted in maintaining the integrity of all public/staff computers (hardware and software) and peripherals
- Provided help desk support

## Other Work Experience

*Chick-fil-A*

April 2010 – December 2012 | Hendersonville, NC

- Developed communication skills and team work
- Front counter and drive-through cashier; kitchen

*Federal Work-Study* — Blue Ridge Community College Library

October 2009 – May 2011 | Hendersonville, NC

- Circulation desk, book shelving, basic computer support

## Technical Skills and Competences

### Programming Languages and Software Development Skills

- C# — 4 years
- Java — 4 years
- C — 3 years (school and personal projects)
- NUnit
- SQL
- PowerShell
- Shell scripting

### Other Computer Related Skills

- Administration of Unix-like OSes — OpenBSD, Linux, FreeBSD (personal projects)
- Comfortable performing tasks in a Unix shell and PowerShell
- IDEs used — Visual Studio, Rational Application Developer/Eclipse

## Education

**Bachelor of Science, Computer Science** *Appalachian State University*  
2012 – 2014 | Boone, NC | GPA: **3.09 / 4.00**

**Associate in Science** *Blue Ridge Community College*  
2009 – 2011 | Hendersonville, NC
